Our mission at Aurora University

Aurora University is an inclusive community dedicated to the transformative power of learning. As a teaching-centered institution, we encourage undergraduate and graduate students to discover what it takes to build meaningful and examined lives. Our singular goal is to empower our students to achieve lasting personal and professional success.

Core values

**Integrity:** Aurora University adheres to the highest standards of integrity in every aspect of institutional practice and operation. Through this proven dedication to honesty, fairness, and ethical conduct, we lead by example and inspire our students to do the same.

**Citizenship:** Aurora University exercises the rights and responsibilities of citizenship in an inclusive educational community, founded upon the principles of mutual respect and open discourse. We live within our means and manage our resources wisely and responsibly, while sustaining an environment that fosters teamwork and promotes services to others. We serve the needs of the Fox River Valley, McHenry County (Illinois), Walworth County (Wisconsin), and online learners by offering myriad educational and cultural opportunities to our students and the community-at-large.

**Continuous Learning:** Aurora University works and lives as a non-profit organization dedicated to continuous learning. We help students achieve their full potential.

**Excellence:** Aurora University pursues excellence by embracing quality as a way of community life.

Aurora University's history

Aurora University traces its origins to the 1893 founding of a seminary in the small town of Mendota, Illinois. Though established initially to prepare graduates for ministry, the institution soon adopted a broader mission and moved to a new campus on the western edge of the nearby community of Aurora. With this change came a different name, Aurora College, and a growing enrollment.

When World War II ended, the campus population swelled again as veterans enrolled in the college’s innovative evening degree program. The 1970s and 1980s saw an expansion of curricular offerings in a number of professional fields and the awarding of advanced degrees in selected disciplines. These changes culminated in the 1985 decision to rechristen the institution Aurora University.

George Williams College's history

The roots of George Williams College run deep in the YMCA movement of the 19th century. In 1884, leaders from America’s “western” YMCAs gathered on the shores of Geneva Lake in Williams Bay, Wisconsin, to attend a summer training program. Two years later, the camp was incorporated, and the first parcel of the current Williams Bay campus was purchased. Since that time, “college camp” has been a source of inspiration, recreation, education and renewal for thousands of guests and students. In 1992, Aurora University and George Williams College traditions blended when the two institutions entered into an affiliation agreement that paved the way for a merger eight years later.
Aurora University today

Today, Aurora University operates two primary campuses: a campus of 37 acres in Aurora, Illinois; and the 137.5-acre George Williams College on Geneva Lake in Williams Bay, Wisconsin. Aurora University is accredited by the Higher Learning Commission to award degrees at the baccalaureate, master’s and doctoral levels. The institution enrolls approximately 5,500 degree-seeking students a year on its campuses. Classes are also offered at the Orchard Center in Aurora, Illinois and the Woodstock Center in Woodstock, Illinois.
CHAPTER 1: SCHOOL OF SOCIAL WORK

School of Social Work Mission

To prepare competent and committed human service practitioners who will promote the development and enhancement of resilient communities, families, and individuals. To improve quality of life and community well-being while promoting social justice with emphasis on oppressed and vulnerable populations through excellent teaching, scholarship, research, and community service.

The mission is consistent with the purpose and values of social work. The purpose of the social work profession is to promote human and community well-being. Guided by a person-in-environment framework, a global perspective, respect for human diversity, and knowledge based on scientific inquiry, the purpose of social work is actualized through its quest for social and economic justice, the prevention of conditions that limit human rights, the elimination of poverty, and the enhancement of the quality of life for all persons, locally and globally.

The Council on Social Work Education (CSWE) uses the Educational Policy and Accreditation Standards (EPAS) to accredit baccalaureate and master’s level social work programs. EPAS supports academic excellence by establishing thresholds for professional competence. It permits programs to use traditional and emerging models and methods of curriculum design by balancing requirements that promote comparable outcomes across programs with a level of flexibility that encourages programs to differentiate. EPAS describe four features of an integrated curriculum design: (1) program mission and goals, (2) explicit curriculum, (3) implicit curriculum, and (4) assessment. The educational policy and the accreditation standards are conceptually linked to each other. Educational Policy describes each curriculum feature. Accreditation standards are derived from the Educational policy and specify the requirements used to develop and maintain an accredited social work program at the baccalaureate (B) or master’s (M) level.

Accreditation and Certification

The Masters of Social Work (MSW) program of Aurora University is accredited by the Council on Social Work Education (CSWE). The MSW program at both the Aurora, Illinois, campus and George Williams campus in Williams Bay, Wisconsin, is fully accredited by CSWE. Aurora University is accredited by the North Central Association of Colleges and Schools.

Non-Discrimination and Affirmative Action

Every aspect of the program’s organization and implementation is conducted without discrimination on the basis of race, color, gender, age, creed, ethnic or national origin, ability/disability, or political or sexual orientation. The faculty assure the enrichment of the educational experience by reflecting racial, ethnic, and cultural diversity and equity throughout the curriculum in all aspects of the program.

Professional Educators License with School Social Work Endorsement

All school social workers must be licensed by the Illinois State Board of Education (ISBE) to practice school social work in a public school setting in the state of Illinois. Students pursuing the PEL: School Social Work Endorsement must meet both the university requirements and the requirements set forth by ISBE. The requirements include coursework, an internship in a school setting and two exams.
Illinois Certification Board (ICB)
(Formerly Alcohol and Other Drug Abuse Professional Certification Association) (IAODAPCA)

The School of Social Work is accredited by ICB (formally IAODAPCA) as an “Advanced Alcohol and Other Drug Abuse Counselor Training Program.” This accreditation assures that persons entering the field of substance abuse through an accredited program have met the minimum requirements of training. Accreditation defines the competencies to be addressed in the training program. MSW students in the School of Social Work at AU must complete the course and internship requirements of the Addictions curriculum in order to be eligible for Certified Alcohol and other Drug Counselor (CADC).

In the Spring of 2011, the School of Social Work became the first accredited school in Illinois to become approved by ICB to provide a special training course which can lead to Board Certification as a co-occurring substance use mental health disorder professional (CODP) treatment provider. The course work and field work certifies students to provide services for those afflicted with co-occurring disorders (addictions and psychiatric disorders). The four credit hour course covers all of the core competencies specifically outlined by ICB. Upon successful completion of this course (minimum grade of a B), the chair of the track will send a letter to the ICB office in Springfield indicating completion of the University’s requirements and educational component of the certification. Additional requirements must be met before obtaining the CODP I credential from ICB. For specific details, be sure to contact the Addictions Track Chair. The elective course is also useful for those not pursuing the addiction specialization.
CHAPTER 2: MSW PROGRAM

MSW Program Goals

1. Provide curricula and teaching practices at the forefront of the new and changing knowledge base of social work and related disciplines.

2. Provide curricula that build on a liberal arts perspective to promote breadth of knowledge, critical thinking, and communication skills.

3. Promote continual professional development of students, faculty, and practitioners.

4. Prepare social workers to engage in prevention activities that promote well-being.

5. Prepare social workers to practice with individuals, families, groups, organizations, and communities.

6. Prepare social workers to evaluate the processes and effectiveness of practice.

7. Prepare social workers to practice without discrimination, with respect, and with knowledge and skills related to clients’ age, class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation.

8. Prepare social workers to alleviate poverty, oppression, and other forms of social injustice.

9. Prepare social workers to recognize the global context of social work practice.

10. Prepare social workers to formulate and influence social policies and social work services in diverse political contexts.

Program Competencies

Social work education equips graduates to perform the broad range of tasks that constitute professional social work today. The MSW program prepares students to enter specialized clinical social work practice. Students may earn advanced credentials in the social work fields of addictions treatment, child welfare, and school social work. Individual student and program evaluations are based on the following outcomes:

Generalist Curriculum Competencies:

Students will learn the following knowledge, values, and skills, which are fundamental to all social workers. Graduates demonstrate the ability to:

1. Apply critical thinking skills within the context of professional social work practice.

2. Understand the value base of the profession and its ethical standards and principles, and practice accordingly;

3. Practice without discrimination and with respect, knowledge, and skills related to clients’ age,
class, color, culture, disability, ethnicity, family structure, gender, marital status, national origin, race, religion, sex, and sexual orientation;

4. Understand the forms and mechanisms of oppression and discrimination and apply strategies of advocacy and social change that advance social and economic justice;

5. Understand and interpret the history of the social work profession and its contemporary structures and issues;

6. Apply the knowledge and skills of a generalist social work perspective to practice with systems of all sizes;

7. Use theoretical frameworks supported by empirical evidence to understand individual development and behavior across the life span and the interactions among individuals and between individuals and families, groups, organizations, and communities;

8. Analyze, formulate, and influence social policies;

9. Evaluate research studies, apply research findings to practice, and evaluate their own practice interventions;

10. Use communication skills differentially across client populations, colleagues, and communities;

11. Use supervision and consultation appropriate to social work practice;

12. Function within the structure of organizations and service delivery systems and seek necessary organizational change.

**Specialization Curriculum Competencies:**

1. Students are able to apply specialized clinical social work knowledge and skills from the clinical specialization to work with diverse populations, emphasizing their inherent strengths and coping resilience;

2. Students are able to demonstrate their ability to advance the quality of their work and their commitment to the larger social work profession;

3. Students are able to articulate the program’s conception of specialized clinical practice, including theories, practice skills, policy and research principles;

4. Students are effective in providing clinical social work services to a variety of client populations;

5. Students are able to demonstrate an specialized understanding of research designs and methods through practical application.
MSW ON-LINE PROGRAM

Online Presence and Engagement

Aurora University is a student-centered university, where we strive to provide exceptional learning experiences for our students. To that end, faculty and students are strongly encouraged to be fully present and engaged in all courses by doing the following:

1. Log into courses at least four days a week;
2. Submit all assignments in a timely manner to meet deadlines;
3. Respond to faculty emails in a professional manner;
4. Participate in online discussions as an active and professional student;
5. Attend to feedback from classmates and faculty;
6. Provide informative posts, messages, each week that facilitate learning and promote critical thinking and engagement;
7. Attend optional synchronous events, when and where appropriate (Note: Student attendance at synchronous events is always optional);
8. Recognize that on-line learning is a demanding learning format that must be taken seriously; and
9. Understand that students enrolled in online courses are responsible to have consistent access to technology that ensures their completion of assignments and participation in the course.
School of Social Work Pledge

The School of Social Work recognizes the importance of professional behavior and demeanor in the classroom and in the wider community. All students in the Social Work program recognize and agree to adhere to the professional standards put forth by the School through the signed affirmation of the School of Social Work Pledge included in this Handbook.

All programs in the School of Social Work (SSW) are grounded in Aurora University’s commitment to integrity, citizenship, continuous learning, and excellence. The social work degrees are accredited by the Council on Social Work Education (CSWE), and are dedicated to advancing quality clinical specialization education. The curriculum is designed to include an emphasis on the mission of AU and the SSW, CSWE Competencies and Dimensions, the 12 Grand Challenges of Social Work, and the American Social Work Board (ASWB) Knowledge, Skills and Abilities.

This Pledge document broadly articulates the behavioral expectations students are required to adhere to throughout their programs of study – in the classroom, on field trips, during the internship, and in any other academic or professional setting. By understanding these guidelines and following them inside and outside of the classroom, students will develop human capital relating to the knowledge and practice of professional behavior. Accumulating this human capital will contribute positively to students’ professional reputations – one vitally important component of career success.

Students pledge to **behave ethically**. Specifically, students pledge to:
- Adhere to Aurora University’s [Code of Academic Integrity](#).
- Understand the components of the disposition form.
- Follow policies and procedures of the internship site as they relate to the ethical conduct of interns.
- Follow all ethical practices as outlined by appropriate professional and disciplinary associations.
- Bring ethical concerns to the attention of appropriate personnel in a timely manner.

Students pledge to **be prepared, respectful, and attentive**. Specifically, students pledge to:
- Attend and be on time to all professional events.
  - Professional events include class sessions, professional development activities, meetings, interviews, and internship work days.
  - Avoidable absences or tardiness are not to occur. Please do not schedule vacations or other non-emergency appointments during the semester.
  - Absences or tardiness due to sickness or other emergency circumstances are to be communicated to the appropriate supervisor (e.g., professor or internship site supervisor) as soon as possible, ideally in advance.
  - Students are not to leave class, professional development events, or their internship work days early except due to emergency circumstances, having discussed the situation with their instructors or supervisors in advance if possible.
- Be prepared and engaged in professional activities.
• Preparation requires the thoughtful completion of all tasks assigned by the instructor or supervisor prior to the deadline.
• Engagement means that students actively participate by taking notes when appropriate, contribute to class discussions and meetings, and shoulder an equal share of the workload when in a team environment.

- Follow communication etiquette
  • Students are to communicate with instructors and supervisors using the methods, format, and style identified by those individuals.
  • During classes, professional development events, and internships, students are to refrain from using electronic devices except in emergencies or when used for professional purposes.
  • Students are to use critical thinking skills to determine the best course of communication, and will allow for appropriate response times to any inquiries of faculty, staff, or fellow students.

- Be respectful in all settings
  • Students are to recognize the validity of diverging viewpoints and treat everyone with tact and courtesy.
  • Students are not to use language or behave in a manner that may be perceived as discriminatory in any respect.

- Dress professionally
  • The norms of professional dress vary by setting. Students are to identify and adhere to these norms as they are defined in each setting.

Students pledge to act with integrity at all times, but especially with respect to internships.

Specifically, students pledge to:

- Actively participate in the internship placement process.
  • Although Aurora University will assist students in navigating the internship placement process, the student is solely responsible for securing an internship that meets the approval of the university.

- Attend scheduled interviews or cancel more than twenty-four hours prior to the appointment.

- Commit themselves to an internship once an offer has been accepted. Students are to terminate the internship search once an internship has been accepted.

- Satisfy the duties and responsibilities of the internship as agreed to by the student, internship site, and university
  • Except due to egregious circumstances, students are to remain in their internships for the duration of the period agreed to by the student, site, and university.
  • Students should not terminate their internships before the end of the semester without prior approval from the Dean, Director Graduate Studies, Director Field Education, Internship Coordinator, and Site Supervisor.

This Pledge does not replace or supersede state or federal law or other Aurora University policies. Nevertheless, students recognize and agree that their failure to abide by the preceding might result in disciplinary action, up to and including removal from the program at the discretion of the Dean and Program Director/Chair. Your signature is an expected behavior to remain in good standing in the program.

I, ___________________________________________, pledge to adhere to these commitments.

(print name on line)

MSW PROGRAM REQUIREMENTS

Prerequisites:
1. Undergraduate Degree or BSW degree from an accredited program to qualify for advanced standing.

GENERALIST CURRICULUM – 30 Semester Hours (sh)

A. Social Welfare Policy (3.0 sh)
   SWK 6140    Social Welfare Policy & Institutions

B. Human Behavior in the Social Environment (6.0 sh)
   SWK 6150    HBSE I: Infancy to Adolescence
   SWK 6160    HBSE II: Adult Lifespan

C. Social Work Practice Theory & Methods (9.0 sh)
   SWK 6370    Social Work Practice I: Individuals & Families
   SWK 6381    Social Work Practice II: Group Work
   SWK 6382    Social Work Practice II: Community Practice

D. Research (3.0 sh)
   SWK 6250    Research I: Social Work Research Methods

E. Field Instruction (6.0 sh)
   SWK 6730    Field Instruction I: Beginning Internship
   SWK 6740    Field Instruction II: Beginning Internship

Complete in Generalist or Specialization Curriculum

F. Human Behavior in the Social Environment (3.0 sh)
   SWK 6500    Social Work Perspectives & Practice on Psychopathology

SPECIALIZATION CURRICULUM – 30 Semester Hours (sh)

G. Social Welfare Policy (3.0 sh)
   SWK 6533    Advanced Social Policy

H. Social Work Practice Theory & Methods (6.0 sh)
   SWK 6511    Practice III: Clinical Theory & Methods
   SWK 6521    Practice IV: Advanced Clinical Knowledge & Application

I. Field Instruction (6.0 sh)
   SWK 6750    Field Instruction III
   SWK 6760    Field Instruction IV

J. Electives (15.0 sh)
   Minimum of 15 semester hours; must be 5000-level or above

SEMESTER HOURS REQUIRED TO GRADUATE: 60 semester hours
The Aurora University School of Social Work has been and continues to be a clinical program. We have developed specialized curricula for practice to create a path which will promote the successful employment of our graduates. We have intentionally offered curriculum specific to the specialization of clinical social work which includes research, policy practice and a systems approach that examines engagement, assessment, intervention and evaluation with individuals, groups, families, organizations and communities. As we emphasize our clinical curriculum, we have determined that our specialization is a clinical program. As a direct result, we need to change our language with regard to the current specializations. We are now calling the specializations tracks. For purposes of our next self-study with the Council on Social Work Education, this clarification will allow us to delineate the assessment process for the clinical specialization from the tracks.

The tracks will include the following areas of study:

- Addictions
- Child Welfare
- **Faith-Based**
- Forensics
- Gerontology
- Healthcare
- Leadership Administration

**PEL: SSW**

The tracks in **BOLD** are offered to AUO students. The course requirements for the tracks have not changed.

Effective immediately, please start referring to the current specializations as tracks

**OPTIONAL TRACKS**

Tracks in the MSW program are optional. Each track has specific field internship requirements.

* NOT ALL TRACKS ARE AVAILABLE ON ALL CAMPUSES.

** NOT ALL TRACKS ARE AVAILABLE ON-LINE.

**ADDITIONS**

Required Coursework (offered as electives) (12.0 sh)

- SWK 6340 Survey of Substance Abuse Evaluation & Treatment (first in sequence)
- SWK 5420 Addictions Counseling I
SWK 6400  Addictions Counseling II

Internship must be completed in an approved addictions setting with a minimum of 500 hours (generalist internship) or 600 hours (specialized internship).

**CHILD WELFARE**
Required Coursework (offered as electives) (9.0 sh)

- SWK 6700  Effects of Trauma on Children
- SWK 6720  Social Work with Vulnerable Children and Families
- SWK 6725  Child Welfare Services

Specialized internship must be completed in an approved child welfare setting with a minimum of 600 hours.

**FAITH-BASED**
Required Coursework (offered as electives) (3.0 sh)

- SWK 5598  Spirituality, Meaning Making, and Faith-Based Practice

Generalist (minimum 450 hour) or Specialized (minimum 600 hour) internship must be completed in an approved Faith-Based setting and must resonate with the specific Faith-Based Focus Area of the student’s choice.

**FORENSIC SOCIAL WORK**
Required Coursework (offered as electives) (9.0 sh)

- SWK 5300  Forensic Social Work
- SWK 6720  Social Work with Vulnerable Children and Families
- SWK 6721  Mediation

Specialized internship must be completed in an approved site involving forensic populations with a minimum of 600 hours.

**GERONTOLOGY**
Required Coursework (offered as electives) (9.0 sh)

- SWK 6010  Medical Social Work
- SWK 5100  Gerontology: Assessment and Intervention
- SWK 5110  Gerontology: Biology and Health of Aging

Specialized internship must be completed in an approved gerontology specific site with a minimum of 600 hours.

**HEALTHCARE**
Required Coursework (offered as electives) (3.0 sh)

- SWK 6010  Medical Social Work

Related Electives (choose two) (6.0 sh) * NOT all electives are offered each term

- SWK 5100  Gerontology: Assessment and Intervention

**COUNCIL ON SOCIAL WORK EDUCATION**

“The Council on Social Work Education (CSWE) uses the Educational Policy and Accreditation Standards (EPAS) to baccalaureate and master’s level social work programs. EPAS supports academic excellence by establishing thresholds for professional competence. It permits programs to use traditional and emerging models and methods of curriculum design by balancing requirements that promote comparable outcomes across programs with a level of flexibility that encourages programs to differentiate” (CSWE, Inc. Updated June, 2015). CSWE competencies conceptually link to generalist and specialized coursework.

The current EPAS can be found at [https://www.cswe.org/Accreditation/Standards-and-Policies/2015-EPAS](https://www.cswe.org/Accreditation/Standards-and-Policies/2015-EPAS)

The Graduate Studies in the School of Social Work curriculum prepares graduates for clinical social work practice using a conceptual framework to identify specialized knowledge and skills. The courses build an
specialized curriculum from the generalist content. In the specialized clinical curriculum, the generalist content areas are addressed in greater depth, breadth, and specificity and support the program’s conception of specialized practice. The following table delineates courses taught at the generalist level, the semester hours per course, content area, and competency.

The following table delineates courses taught at the generalist level, the semester hours per course, content area, and competency.

* Complete in Generalist or Specialization Curriculum
Prerequisites

Undergraduate degree
All graduate students will be required to have received an undergraduate degree from an accredited university or college.

MSW Registration Session
All graduate students starting the MSW program are required to attend a registration session before the semester begins. Orientations are held on the respective campuses at Aurora and GWC.

Sequencing

On the Aurora campus, the School of Social Work offers three structured plans for completing the MSW degree: a two year, full-time option; a three year, part-time option; and, a four-year, part-time option. For students who are awarded advanced standing (hold a BSW degree from a CSWE accredited School of Social Work, within the past 5 years), both full-time and part-time degree completion plans are offered.

All official BSW transcripts from CSWE accredited programs are reviewed to ensure a BSW degree was conferred. CSWE accredited BSW classes are linked to corresponding AU MSW generalist classes.

NOTE: Generalist and specialized courses are typically offered fall, spring, and summer terms. Many electives are offered during one designated semester. For this reason, please be aware that divergence from the structured degree completion plan may result in scheduling complications that could delay timely graduation.

Advanced Standing

Students who have earned a BSW degree from a CSWE accredited institution and who have demonstrated outstanding scholarship in course work, and excellence in the field may apply for advanced standing for up to 30 semester hours of the semester hours required for the MSW program at Aurora University. The maximum transferable credit from any CSWE accredited School of Social Work is 30 semester hours and may include both required course work and electives. All official BSW transcripts from CSWE accredited programs are reviewed by the Director of Graduate Studies.

Residency Requirements

Online Classes
Students who were admitted into the face-to-face program may not take more than 50% of the coursework for their program via online classes. Moreover, many offered online classes are restricted to students in the online program.

Modality Changes
If a student wishes to change modalities (i.e. change from the online format to face-to-face format or vice versa) a “Modality Change Request” form must be completed. The form is submitted to the Graduate Registration Coordinator and will be approved by both the Graduate Registration Coordinator and the Manager of Online Enrollment Processes.
Submission of a request form does not guarantee approval. Program staff will consider the student’s grades/academic standing, the number of courses completed via the initial modality, the status of their field placement and the reason(s) provided for the change request. Students may not change modalities during a semester or field placement. A change in modality may impact the student’s field instruction process such as their staff contact and where documentation is submitted.

If approved, no additional modalities changes will be permitted. Thus, students must carefully consider whether to request a modality change as they will not be able to switch back.

Various tracks, including Addictions, Child Welfare, and Gerontology are not offered online. Students seeking these tracks may only be admitted into the face-to-face program. Students admitted into the program as an online student with the intention of later switching modalities to pursue the School Social Work or Addictions track will be denied.

**Credit, Waiver, or Substitution of Course Work as Applied to Meeting MSW Degree Requirements**

The purpose of the process of granting transfer credits, waiver, or substitutions of course requirements is to ensure the integrity of the MSW student’s academic and field preparation for graduate practice as well as ensure that students do not repeat generalist-level curriculum. In all cases, the student must convincingly demonstrate mastery of knowledge of content and those competencies required for the course or courses under consideration. A statute of limitations of five (5) years applies to transfer of credit. Courses approved for transfer credit must have been taken less than five (5) years prior to entering the program. Requests for credit, waiver, or substitution must be made to the Director of Graduate Studies of the School of Social Work for consideration during the application process.

**Definitions:**

- **Credit**: The granting of course semester credit hours for academic credits completed elsewhere. Credit for social work courses can only be granted if taken in a program that is accredited by the Council on Social Work Education.

- **Waiver**: Granting completion of a requirement, to avoid duplication of content in which the student has demonstrated proficiency in previous course work. The student does not take the waived course, but is not granted academic credit.

- **Substitution**: Permission to use one course to fulfill another course requirement.

**Questions Related to Credit, Waiver, & Substitutions**

**Q**: Is it possible to use previous course work as credit towards degree requirements?

**A**: MSW requirements may be met only by course work:

1) Taken at a CSWE accredited school of social work;
2) In which the grade received was “B” or better;
3) Completed within the last five years;
4) If the catalog description or syllabus substantially resembles the course offered at Aurora University.
Q: What course work may be applied toward fulfilling MSW requirements at Aurora University through waiver or substitution?
A. Courses which were taken:
   1) At an accredited university or college;
   2) For credit;
   3) With a grade of “B” or better;
   4) Within the last five years;
   5) And which were not used to fulfill requirements for another completed degree.

Q. What documentation is needed to apply for such a waiver?
A. The following:
   1) A course transcript must be on file with the Registrar;
   2) One copy of “Request of Waiver or Substitution Form” must be completed;
   3) Catalog description or syllabus for the course must be provided.

Q. Are exceptions to these policies made?
A. Yes. During the admissions process or by review of the MSW Program Director of Graduate Studies, substitutions of required course work may be made, or waiver considered, for compelling academic reasons. If in doubt, the student should ask about courses that seem repetitive prior to registration. Students should not repeat course content.

Q. Can academic credit be given for work or life experience?
A. No. According to the Council of Social Work Accreditation, social work course credit may not be given for life or work experiences.

Q. When should requests for waiver, etc., be made?
A. Course waiver and substitution forms must be submitted to the Director of Graduate Studies of the School of Social Work at least one month prior to the beginning of the next semester. If the issue relates to graduation, the request must be submitted by March 1st. This absolute minimum makes orderly consideration possible. Should a student submit a request after this period, he/she should anticipate that the request will be handled in a routine manner, and he/she will be responsible for all MSW program requirements until notified otherwise by the MSW Program Director of Graduate Studies.

Q. What is the process by which a student applies for credit, waiver, or substitution of MSW course work?
A. The student gathers documentation, and transcripts, and completes Part I of the copy of “Request for Waiver” form. The MSW Program Director of Graduate Studies then considers the request, often including other faculty members who could usefully consult on the request, and if indicated, with the student as well. The Director makes a decision and the student is notified by letter. A copy of the form and letter is placed in the student’s file.

Q. Where do students get a “Request for Waiver” form?
A. Copies are available at the School of Social Work from the Director of Graduate Studies of the School of Social Work or department secretary.

Program Time Limits
A statute of limitations of five (5) years applies for:
- Re-application to the program
- Transfer of credit
- Program completion*

Students must complete the MSW program on or before a date of five (5) years from the date of matriculation, or petition for an extension to the Director of Graduate Studies. The Director then considers the petition, often including other faculty members who could usefully consult on the request, and if indicated, with the student as well. The Director of Graduate Studies makes the final decision on granting an extension.

**NOTE:** Students entering the program with advanced standing status must complete the program in a four (4) year time limit.

**Leave of Absence**
If a student wishes to take a leave of absence of one semester or more, excluding summer, a request for leave of absence must be made. A “Leave of Absence” form must be completed with the Director of Graduate Studies of the School of Social Work and it is then forwarded to the Registrar’s Office. Maximum terms for leave of absence are two (2) semesters or one academic (1) years.

Without fulfilling these conditions, a student who is not enrolled each semester of the academic year is considered to have terminated the program, and must re-apply for admission to continue in the program. For more specific regulations please consult with the Registrar’s Office, 630-844-5462.

**Field Instruction**
Field instruction is a central part of the social work professional education and provides students with an opportunity to integrate the theoretical and conceptual contributions of the classroom with the practical world of the practice setting.

Students completing the generalist curriculum (1st year for full-time students; 2nd year for part-time students) may select a field placement from affiliated agencies in consultation with the Field Director at the Aurora campus or the Field Coordinator at the George Williams campus. A list of affiliated agencies is available on the Field Resource Moodle page.

Students entering the generalist studies (first internship) are required to complete a minimum of 450 hours for the first-year internship. Oftentimes, agencies will require students to intern for longer hours than the minimum. Traditionally, this equates to about 16 clock hours of field instruction per week over 2 semesters. Students or agencies requesting other terms (i.e., interning over 3 semesters) must consult with the Field Director at the Aurora campus or Field Coordinator at the George Williams campus.

Students completing the specialization curriculum (2nd year for full-time students; 3rd year for part-time students; and 1st year for students with advanced standing) select a field placement from affiliated agencies in consultation with the Field Director/Field Coordinator. Advanced standing students are required to complete a minimum of 600 hours for the first-year internship. Oftentimes, agencies will require students to intern for longer hours than the minimum. Traditionally, this equates to about 20-24 clock hours of field instruction per week over 2 semesters. Students or agencies requesting other terms (i.e., interning over 3 semesters) must consult with the Field Director at the Aurora campus or Field Coordinator at the George Williams campus.

Potential field students begin the placement process by consulting with the Field Director/Field Coordinator and examining the many available resources within the School of Social Work. These
resources include the student’s faculty mentor; current students; the field agency files maintained by the School; field agency personnel representing their agencies at the annual Field Fair; directories of social service agencies located on the Field Resource Moodle page; and track Moodle pages.

Most students begin by exploring field agencies that service a particular population with which they have an interest in working. The School recommends that students explore field agencies that have already established an affiliation with the School of Social Work.

Students may use their place of employment as the base of their professional field instruction with prior approval. This arrangement must meet criteria that distinguishes the job from the learning opportunities in the field placement, and students interested in accessing this option should begin by consulting with the Director of Field Instruction. For complete information on the field site selection process and securing a field placement, please refer to the Field Manual (available from the AU webpage under the School of Social Work’s website).

A student completing a placement in the field of addictions who wants to complete the internship at the same agency of employment must have the placement approved by the director of the addictions program and the accreditation board (ICB). The student may not receive any type payment during the internship, per the accreditation standards.

Once a student begins a field placement, they are obligated to continue field placement until completion. Changes must be discussed and approved by the Field Director/Field Coordinator. Students who terminate their field placement without prior approval may not be eligible for another placement. A student review may be required as well.

**Dress Code**

Students are expected to respect and adhere to the dress code of the field placement. The appropriate dress may range from business attire to business casual. The School of Social Work expects students to wear modest and professional attire while working at the Field Agency and when representing the field of social work.

**NOTE:** To begin a field placement, a student **MUST BE** registered for the appropriate field course and have received a copy of the letter of confirmation from the Field Director/Field Coordinator. For insurance purposes, student **must be** registered for field courses to be in field placements.

**Policy for School Social Work**

Prior to July 1st, before the second year in the MSW program, all students interested in obtaining their Illinois Professional Educator’s License with School Social Work Endorsement should:

- Be in good standing with the School of Social Work;
- Secure a field placement in the public-school setting. Since internships in the school setting are very competitive, it is recommended that students begin to look before the end of January of the academic year preceding the second-year field placement;
- Students **MUST** pass the Basic Skills requirement by taking the ACT plus writing, SAT or TAP exam before beginning the second semester of their school field placement.

Students who complete these procedures will be accepted into the School Social Work sequence and will follow the MSW Clinical Specialization curriculum. Students must enroll in the “school sequence” courses, SWK 6410 and 6420, as well as SWK 6600 Reading Content and Reading Methods for School Social Workers.
Students pursuing the school social work track are recommended but not required to complete SWK 5610 prior to the start of their Specialized MSW field placement in a school.

Students are strongly recommended to complete ISBE’s basic skills/academic testing standards prior to their Specialized MSW field placement. Students must complete these requirements by December 1st of their Specialized MSW field placement, and failure to do so will result in removal from their school social work field placement at the end of the fall term.

Students are recommended to complete the school social work content exam (184) by the spring semester of their Specialized MSW field placement in a school, and they are required to have this requirement completed in order to receive entitlement by the university. Entitlement by the university is required to receive the Illinois Professional Educator’s License with a School Social Work Endorsement.

**Petitioning for Program Policy Changes**

Students can request modifications related to academic policies and/or student affairs in writing to the Director of Graduate Studies. Once a policy change is requested, the faculty of the School considers the request. A recommendation regarding the proposed policy change or institution is made by the full faculty to the Director of Graduate Studies of the School of Social Work. The Director makes the final decision on proposed policy changes.
CHAPTER 4: ACADEMIC STANDARDS

Academic Performance

The MSW program maintains high academic standards as do all professional programs where the well-being of future clients is of concern. Any academic standards required of all graduate students in the University are binding on MSW students in the School of Social Work. Students may refer to the University catalog. Additionally, in accordance with Aurora University regulations, the School of Social Work reserves the right to maintain academic standards for admission and retention in the social work program at both the BSW and MSW levels above and beyond compliance with the general academic standards of the University.

Graduate Academic Warning and Dismissal

1. Under general university standards, all graduate students must maintain a minimum cumulative program/major GPA of at least 3.0 on a 4.0 scale to remain in good standing.
2. When a student’s academic performance does not meet minimum standards, the instructor should send an academic alert to the student.
3. A student is placed on academic warning at the end of any semester when their cumulative program/major GPA is less than 3.0.
4. A student placed on academic warning for a second time (not necessarily consecutive terms) will be academically dismissed for poor scholarship.
5. A student who at any time while enrolled in a graduate program, earns more than two grades below “B” will be academically dismissed for poor scholarship.
6. A student will be academically dismissed if their Term GPA is 0.00 in any given semester.
7. A graduate student who is dismissed from Aurora University for poor scholarship may apply for readmission after one full semester away.
8. To be considered for readmission, a new application for admission is required to be filed no less than 30 days prior to the requested semester of return.
9. A petition for readmission must be received in writing, by the Registrar’s Office, no less than 30 days prior to the requested semester of return.
10. The petition will be reviewed by an academic program committee, comprised of the academic program director/chair and two faculty designated by the jurisdictional Dean. The academic program committee may require an in person meeting with the student as deemed necessary.
11. Should readmission be granted, the student will be readmitted on Academic Warning. Should the cumulative program/major GPA fall below 3.0 in a subsequent semester, the student will be dismissed from the university.
12. A student who has already had their petition for readmission denied by the academic program may appeal the decision to the jurisdictional Dean over the program. This step must be completed in the form of a written request to the Dean within one calendar week after the student has been informed of the program committee decision. The Dean will appoint two faculty members to serve with on an ad hoc committee working to review the student’s appeal. The ad hoc appeal committee will review all relevant materials and meet with the student and others, as deemed necessary. The decision of this ad hoc appeal committee is final. The ad hoc appeal committee will then report back to the program and Registrar’s Office regarding the final decision and its reasoning.

Tracks Academic Performance

Tracks require specific academic and field performance expectations. For example, in the Addictions track, students are expected to maintain a “B” average in the four courses specific to the track. If a “B” average is not maintained, the student must meet with the appropriate administrators to establish a
resolution plan. This plan may require repeating course work or field hours. It should be noted that a meeting with the coordinator from the track will allow the student to examine potential outcomes for decisions pertaining to the track.

**Maximum Credit Hours**

Fulltime in the MSW program is six semester hours or more. Summer maximum credit hours for course enrollment is 12 semester hours total. Fall and spring term maximum credit hours for course enrollment is 15 semester hours total.

**AU COURSE CATALOG Graduate Degree Requirements**

1. Completion of all coursework specified by the graduate program.
2. Cumulative GPA of at least 3.0 on a 4.0 scale, or higher if specified by the graduate program.
3. Submission of all pre-graduation materials required by the graduate program.
4. Submission of Application for Graduation and payment of any graduation fees assessed by the university.
5. In the case of certification programs, submission of all governmental forms.
6. Residency Requirement: A minimum of 25% percent of the total credits required for the completion of the graduate degree or post-baccalaureate certificate or credential must be earned at Aurora University. Individual programs may establish more extensive residency requirements, including requirements that specific coursework be completed at Aurora University.

**Independent Study or Courses by Special Arrangement**

Students may request to complete an independent study course on a selected topic not addressed in a regularly offered elective course. Requests must be made to the Director of Graduate Studies. In unique circumstances, students may request to complete a “Course By Special Arrangement” (CBSA). This is typically done if a student needs to complete a course during a semester in which the course is not offered. There must be extenuating circumstances for why the CBSA is requested. Requests must be made to the Director of Graduate Studies. Approval for Independent Study courses or CBSA courses is made by the Director. Students may take no more than one Independent Study course and no more than one CBSA.

**Academic Advising/Course Registration**

After a student is accepted into the MSW program, the AU Graduate Registration Coordinator, AU Online Advisor or the GWC Assistant Dean of Social Work functions as a first line advisor to the student, monitors the student’s progress in their respective course of study, and works with the Director of Graduate Studies and Director of Field Work to guarantee that the student is successful in the MSW program. The Graduate Registration Coordinator, the Director of Graduate Studies and faculty also provide students with academic information, and information specific to the University procedures.

Students should consult the program structure charts/grid for guidance when scheduling courses. Students are reminded that deviating from the structured program plan may result in a delay in completing the program since *courses are usually offered only in the academic terms outlined on the program structure charts*. The charts are available at the School of Social Work as well as at the website.

*Checking the MSW program of study on WebAdvisor will promote student planning and success.*

**Writing Standards**

Professional social workers are often judged by others based upon the quality of their written work. A poorly written professional report may suggest mistakes in other areas of work performance. When the
work product of a social worker is devalued, the result may be detrimental. Therefore, all written assignments are expected to meet professional standards. Work must be typed and edited. Each assignment must follow the guidelines stipulated by the instructor. The most current edition of APA guidelines will serve as a quality resource for writing and proper formatting.

**Class Attendance Policy**

Students are expected to attend all classes. Those students unable to attend a scheduled class session are responsible for notifying the instructor in advance by phone or by e-mail explaining the need for absence. Twenty percent (20%) or more of the scheduled class session is considered excessive absence. Excessive absences may result in a reduction of grade for the course.

The final exam day at the end of the term is a required attendance day.

**Personal/Professional Performance Standards**

**Behavior in Classroom**

Students in a professional program should conduct themselves as professionals in relation to the class session and assignments. Students are assessed not only for meeting basic performance criteria on assignments described in course syllabi, but also on their ability to relate to others and their personal and professional behavior.

**Professional Conduct**

Students in a professional program should conduct themselves as professionals in relation to the class session and assignments. It is not acceptable to be late for classes except in unusual circumstances. Respect for the opinions of others is expected. Opinions expressed should be supported by data or carefully reasoned argument. Asking questions per se, or offering opinions that do not reflect the readings assigned for the class do not constitute “prepared participation.” Any use of consciousness altering substances before, during, or between class sessions obviously impairs learning, and is unacceptable. Frequent lateness or professional unbecoming class conduct are likely to result in a lowered grade.

**Dress Code**

Students are expected to respect and adhere to the dress code of the classroom, University and field placement. The appropriate dress may range from casual, business attire to business casual. The School of Social Work expects students to wear modest and professional attire while working at the Field Agency and when representing the field of social work.

**Procedures for Use in Appealing Allegedly Capricious Term Grades for Students**

**Introduction**

a. The following procedures are available only for review of alleged capricious grading, and not for review of the judgment of an instructor in assessing the quality of a student’s work. **Capricious grading, as that term is used herein, is limited to one or more of the following:**
   1) The assignment of a grade to a particular student on some basis other than performance in the course;
   2) The assignment of a grade to a particular student by more exacting or demanding standards than were applied to other students in that course;
   3) The assignment of a grade by a substantial departure from the instructor’s standards announced during the first fourth of the term.

b. The assessment of the quality of a student’s academic performance is one of the major
professional responsibilities of University faculty members and is solely and properly their responsibility. It is essential for the standards of the academic programs at Aurora University and the integrity of the degrees conferred by this University that the professional judgments of faculty members not be subject to pressures or other interference from any source.

c. It is necessary, however, that any term grade be based on evidence of the student’s performance in a course, that the student have access to the evidence, that the instructor be willing to explain and interpret the evidence to the student, and that a grade be determined in accordance with announced guidelines. These guidelines should be announced in and put in writing for each class at the beginning of each term.

**Appeal Procedures**

a. A student who believes his/her term grade is capricious may seek clarification and, where appropriate, redress, as follows:

1) The student shall confer with the instructor, informing the instructor of questions concerning the grade, and seeking to understand fully the grounds and procedures the instructor has used in determining the grade. The aim of such a conference is to reach mutual understanding about the grade, the process by which it was assigned, and to correct errors, if any, in the grade. The student should do this within two weeks of receiving his/her final grade.

2) If, after consultation with the instructor, the student believes that a grade is capricious, the student shall submit a petition in writing (via e-mail or hard copy) to the Director of Graduate Studies or GWC Assistant Dean of Social Work who shall consult and advise with both the instructor and student separately or together, in an effort to reach an understanding and resolution of the matter.

3) If Steps One or Two do not resolve the problem, the student may submit a petition in writing to the Dean of the School of Social Work. This petition must be submitted to the Dean no later than the end of the fourth week of the term following that for which the grade is being appealed, excluding the summer term.

b. The student shall request a meeting with the Dean and shall present evidence that the grade is capricious as defined above, and shall present the student’s arguments which substantiate his/her conclusions. The Dean shall refer the petition to the instructor and secure from the instructor a response in writing, setting forth the instructor’s position on the matter.

c. On the basis of a consideration of the student’s petition and the instructor’s response, the Dean shall conduct an inquiry which shall include a meeting with the student and the instructor separately or together and ascertain and consider relevant facts. (The instructor and/or student may bring an advocate if he/she so chooses. If an advocate is to be present at a meeting, the Dean must be informed prior to the meeting.)

**Decision.**

The Dean shall make one of these decisions:

a. That the grade was not assigned capriciously and shall stand as assigned.

b. That the grade was assigned capriciously and should be changed. The Dean shall then, as a result of his/her consideration, assign a grade different from the grade decided to be capricious. The Dean shall authorize the Registrar to make the grade change and such a decision shall be final.
Professional/Ethical Behavior

Professional social work education requires high standards of academic, personal, and professional conduct. The educational program at both the undergraduate (BSW) and graduate levels (MSW) requires the development of ethics and values as well as knowledge and skills. Students are expected to exhibit values and behaviors that are compatible with the National Association of Social Workers (NASW) Code of Ethics which regulates not only professional conduct in relation to clients, but also in relation to colleagues.

The School of Social Work (SSW) recognizes that professional competencies and conduct are not always measurable by academic achievement. The SSW reserves the right to make decisions regarding admission and retention of student status based on high standards of personal and professional conduct demonstrated both in and out of the classroom. Students are evaluated on standards of personal and professional behavior, adherence to ethical standards, and on the basis of civil and criminal records. Students may be suspended or dismissed from the program if an evaluation outcome does not meet professional standards.

Because social work education involves a significant internship experience, and preparation for helping vulnerable populations, student evaluations will honor the rights of students, as well as the rights of clients, and others to whom students relate in a professional role.

Criteria for Professional/Ethical Behavior

Ethical Behavior
The student is required to know the contents of, and is bound by, the University policies and regulations dealing with conduct presented in the Student Handbook.

Students are required to know the contents of, and are bound by, The Code of Ethics of the National Association of Social Workers (NASW). Social work students are also bound by the School of Social Work’s specific provisions below:

Misrepresentation of Self
Fraud or misrepresentation includes, but is not limited to, false or misleading statements on the application, during the admissions interview, and/or on the financial aid application. Falsifying degrees or professional credentials is also considered fraud or misrepresentation of self. Such behavior shall constitute grounds for dismissal.

Alleged Law Violations
Any student charged with fraud, malpractice, a felony, or misdemeanor, may be refused or revoked registration in field instruction activities and classes without prejudice until an official determination has been made by the University.

Conviction for a Felony or Misdemeanor
Any student who has been convicted of a felony or misdemeanor for conduct that may be a threat to the well-being of others shall not be admitted to field instruction, classes or activities until there is clear evidence of rehabilitation. Serving a sentence alone does not necessarily constitute evidence of
rehabilitation. The faculty of the School of Social Work will be the sole judge of rehabilitation. Following a conviction, the student shall be informed in writing of the criteria that the University will use in determining evidence of rehabilitation.

Some states prohibit licensure in the field of social work if a felony conviction is on record. It remains the student’s responsibility to obtain information regarding the information specific to licensure through the appropriate governing body.

**Inappropriate Behavior that Would Interfere with Performing Professional Duties**

Any student who engages in inappropriate behavior that would interfere with performing professional duties and could potentially threaten the well-being of clients, including violent behavior, behavioral indications of substance abuse, or having indicators of physical or psychiatric disorders shall not be admitted to field instruction. Any behavior which may have been influenced by a student’s mental state (regardless of the ultimate evaluation) or use of drugs or alcoholic beverages will not in any way limit the responsibility of the student for the consequences of his/her actions.

**Statement of Criminal Background Notification**

Aurora University reserves the right to deny admission to its undergraduate, graduate and non-degree programs based on application materials, previous academic record and records of past conduct, including but not limited to the results of a criminal background check or registration of a sex offense.

MSW applicants are required to complete a national background check before beginning the program. The MSW program may deny admission based on the results of a criminal background check. The school may refuse or revoke admission for the following: misrepresentation of self, criminal behavior, results of the national background check, and/or behavior that interferes with performing professional duties.

If admitted to the MSW program, any applicant or student with a criminal background may not be eligible for some field instruction placements. In addition, the applicant or student may not be eligible for licensure after completing the requirements for the MSW degree. Many agencies require criminal background checks as a condition for accepting a placement in their program. It is the student’s responsibility to inquire with the Department of Professional Regulation to determine their licensure eligibility.

Once admitted to the MSW program, students must adhere to the Professional Standards of the University and the School of Social Work. Students must meet the criteria for professional and ethical behavior as set forth by the School of Social Work.

**Student Confidentiality**

The School of Social Work maintains an academic file on each MSW student. This file contains admissions materials; academic records (transcripts, grades); formal communication between the Dean, Director of Graduate Studies, faculty mentor, and the student; as well as field evaluations.

The program honors and complies with the Family Educational Rights and Privacy Act 20 USC Sec. 1232g which requires academic institutions to provide access to academic records to the student, and prohibits the release of any information to another party unless a signed authorization has been obtained.

**Confidentiality of Admissions Materials**

Once the School of Social Work has the completed admissions file for a student, no materials within the
file will be provided to the student or other parties. Included with this material is the student’s Statement of Purpose, official transcripts, and letters of recommendation. Letters of recommendation will not be released to students even with a signed permission from the person who completed the recommendation.

Non-Discrimination and Affirmative Action
A complaint of program non-compliance with the Non-Discrimination and/or Affirmative Action policy should be directed to the Director of Graduate Studies of the School of Social Work. See Chapter 1 of this handbook for the Non-Discrimination and Affirmative Action policy.

Disposition Policy
The faculty of the School of Social Work have determined that additional feedback and data on student dispositions is needed in both the BSW and MSW programs. Student dispositions will be rated by instructors in select (required) courses. The dimension areas of disposition will be in collaboration, curriculum, community, diversity, and ethics.

Please see the attached disposition rating form, and the disposition rating policy. Faculty and adjuncts will be reporting on students in these classes at mid-term of this semester.

The rating form is for use in the School of Social Work only. Feedback given to students, the faculty, and the administration in the School of Social Work pertaining to the disposition will remain confidential. Data from the disposition forms will be gathered for assessment of the program, and for individual student files. No individual student identification will be published in any program materials or reports.

Aurora University School of Social Work Disposition Policy

Disposition Information
The ultimate goal of the disposition process is awareness surrounding the progress toward becoming an exemplary social worker. The disposition framework is aligned to the CSWE and NASW standards, as well as Aurora University’s Core Values. In order to support the development of dispositions, faculty and staff members will evaluate their students using this universal assessment. If a faculty/staff member issues a disposition form of “alert”, the student will be notified and required to attend a disposition conference with the referring faculty/staff member. A student who receives a disposition of “concern” may be required to attend a disposition conference.

The School of Social Work faculty and staff will utilize the disposition form when concerns pertaining to behaviors arise. The instructor or staff member of record will submit the disposition forms to the administrative assistant in the School of Social Work to be saved electronically.

Dispositions Criteria
<table>
<thead>
<tr>
<th>Acceptable Dispositions:</th>
<th>Form indicates acceptable dispositions on all indicators on the disposition form.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Disposition Concern:</td>
<td>Form indicates a rating of “concern” for one or more indicators on the disposition form.</td>
</tr>
<tr>
<td>Disposition Alert:</td>
<td>Form(s) indicate a rating of “alert” for one or more indicators on the disposition form. A disposition conference will be conducted.</td>
</tr>
</tbody>
</table>
Disposition Conference
The purpose of the conference will be to review the disposition report issued by the reporting faculty/staff member. The conference will be attended by both the student and the reporting faculty/staff member. The reporting faculty person will arrange the conference with the student and document the outcomes of the conference.

The remediation plan will outline the expected behaviors in all settings, including, but not limited to AU classrooms, field experience settings, email/phone/face-to-face communication with faculty/staff, administration and other students. A timeline will be established to check the progress of the candidate toward the achievement of the goals. The remediation plan will be monitored by the reporting faculty person.

Student Appeal Process
Students have the opportunity to appeal the disposition form within fourteen days by contacting the following university personnel in the listed order:
1. Reporting Faculty/Staff
2. Department Chairperson
3. Dean of the School of Social Work

Student Performance Review Committee
When a student has attended 2 disposition conferences in the course of their program of study, and/or is not successful in the achievement of adequate progress, a Student Review (SR) will be scheduled. Any outcomes from this review will become a part of the candidate’s permanent record in the School of Social Work.

Potential outcomes of disposition:

- ____ may delay field placement
- ____ may terminate current field placement
- ____ may result in a delay in the academic program
- ____ may result in termination of academic program
- ____ other: ________________________________
**Field Review Policy**

A field agency review may be held in the event of concerns regarding the experiences of students in field work. The purpose of the meeting will be exploratory and fact finding. Such a review may be requested by either the student, field instructor, field liaison, or the Director of Field Instruction.

Among the issues that may be considered in a review are concerns regarding supervisory problems, adequacy of the learning experience, and ethical practice. Involved students will be asked to be present at the review. The review shall be scheduled by the Field Director and attended by the Director of Graduate Studies as well as appropriate faculty members who teach courses in BSW or MSW programs. Should it be determined that actions are indicated, a written plan will be produced and communicated to the agency within two weeks’ time.

**Student Review Policy**

On occasion, when a serious concern about academic, personal, or professional performance related to any of the program’s standards and/or policies has been identified by a faculty member or field supervisor, at any point in the program, and it is deemed a concern warranting immediate attention, the faculty member reports to the Director of Graduate Studies. The Director of Graduate Studies informs the student that a concern has been identified, seeks information from relevant parties (faculty, Field Director, Academic Support Center, etc.), thoughtfully appraises the student’s situation and assesses whether the situation warrants a Student Review.

The purpose of a Student Review is to either design a helping plan for continuance in the social work program or to make a determination regarding continuance in the program, such as suspension or dismissal from the School of Social Work.

A Student Review is scheduled as needed, and is chaired by the Director of Graduate Studies, Field Director, or a designee. A Student Review Committee is formed which consists of the faculty who are current instructors for the student, other faculty members, administrators (Field Director, Track Coordinator, etc.) and University personnel (e.g., Academic Support Center) deemed relevant to the Student Review process.

The student will be notified in writing of the commencement of the student review, the nature of the student review, giving the date, time, and place, the facts and occurrences that have given rise to concern, the nature of the student review, the student’s right to attend (and bring an advocate or person for support), the student’s right to bring to the committee’s attention relevant information concerning these facts, and occurrences that the student wishes the committee to consider.

In cases where the committee deems it appropriate, the committee may request the student to have his/her physician, psychiatrist, psychologist or other provider of professional services meet with the committee to discuss the student’s capabilities, and/or may request the student to permit an examination by a physician, psychiatrist, psychologist or other provider of professional services selected by the School, whose report and/or opinion concerning the student’s capabilities will be shared with the student. The student may submit additional information in response. If necessary, the Committee shall continue the conference at a later date for the purpose of obtaining additional relevant information.

Once the committee has completed its review, it will notify the student in writing by certified mail of its determination along with a summary of the student review meeting. The determination can take any of the following forms: (1) a written plan establishing the conditions and requirements that the student must meet to continue in the program; (2) a temporary suspension of the student from the program, and; (3) a
determination to discontinue the student from the program.

If the student wishes to challenge the determination of the Student Review Committee, the student has a right to appeal to the Dean. A written request for the appeal must be submitted to the Dean within four weeks of the student review. The written request should identify the student’s grievance(s).

**Program Termination**

Students who are not permitted to continue within the MSW program are informed of such by certified mail. At the time of suspension or dismissal, the student will be administratively dropped from current and future courses in the MSW program.

**Termination Appeals**

Students who have been terminated from the MSW program can appeal such a decision only on the basis of alleged “capriciousness.” The term “capricious” is limited to one or more of the following:

- Termination on the basis other than academic or professional performance;
- Termination on more exacting or demanding standards than were applied to other students in the program;
- A substantial departure from the standards and procedures contained in the MSW Policy Handbook.

Appeals based upon capriciousness are made to the Director. The request for appeal must be in writing, identifying the student’s grievance(s). Failing a mutually satisfactory resolution at the level of the Director, the student may appeal the determination in writing to the Dean.

**Readmission to the MSW Program**

A graduate student who leaves or withdraws from the MSW program; is dropped from the program for poor scholarship or unprofessional behavior; or is terminated for lack of registration or application for a leave of absence, and later decides to complete the program, must apply for readmission to the program. Prior records will be re-evaluated and the student, if readmitted, will be held responsible for completing all current degree requirements. Courses taken more than five-years prior to the reapplication time will need to be retaken. Internships more than five years old will need to be retaken as well.

**Handbook Terms of Issue**

Every attempt is made to permit students to graduate under the degree requirements in effect when they entered Aurora University and the School of Social Work provided that enrollment is continuous from time of matriculation until graduation. However, the School of Social Work reserves the right to modify academic requirements, curricula, and/or course offerings at any time without prior notice and without incurring obligation. At the same time, the program attempts to enable students to participate in formulating and modifying policies affecting academic affairs.

**Aurora University Academic & Professional Standards**

Please refer to the University Student Handbook for all University policies related to academic and professional standards, including (but not limited to):

- Academic and Social Expectations
- Statement of Academic Integrity
- Zero Tolerance Policy
• Statement of Discrimination and Sexual Harassment
• Learning Disabilities Policy
• Privacy Act of 1974 as Amended
• Policy for Grade Appeals
• Graduate Grading System
