

# *Experience Italy*

## **Study Away Summer 2026**

### **HSC2880 Health Across History and Culture in Italy | 4 credit hours**

Travel to Florence and Rome to uncover the historical and cultural foundations of public health, medicine, and human anatomy. In this course, you'll examine Renaissance advancements in anatomical science, the development of sanitation and infrastructure, and the sociopolitical forces that shaped health and wellness across centuries. Through guided visits and reflective discussions, you'll connect these historical insights with contemporary global health frameworks — seeing how the past continues to inform today's approaches to health worldwide.

Students will share travel and select itinerary items with fellow AU students in the MTH2880 Math Explorations with Cultural Experience in Italy course. This shared experience will give you an opportunity to explore together and make new connections while abroad.

*This course also satisfies the Cultural Literacy general education credit requirement.*

#### **Course dates:**

May 11, 12, and 14, 2026  
10 a.m.–Noon

#### **Travel dates:**

May 16–23, 2026
