Student Name _____ AU Student ID _____
Address _____ Phone Number _____

This form cannot be completed in pencil. Please submit with ALL applicable documentation.

Dependency overrides are intended for students who can prove and fully document exceptional circumstances. This includes, but is not limited to, students who have no contact with their biological parents. **We cannot approve requests based solely because the parents are unwilling to pay for school, the parents do not claim the student as a tax exemption, or the student has chosen to live on his/her own.**

The purpose of this request is to assess an ability to administratively change your FAFSA data due to your unique circumstances and the documents submitted.

- Thorough documentation is required to explain and verify your situation. Incomplete documentation will cause delays. Additional documents may be requested after initial review.
- After verifying all submitted documents, multiple corrections may be administratively made to your FAFSA before a new award letter can be generated. The Department of Education will notify you by email of any corrections made.
- This request is in effect for the 2021-2022 academic year only. Policies and procedures are subject to change as influenced by regulatory changes. A Dependency Override Request must be completed each year, even if your situation has not changed from the previous year.

A Dependency Override review begins after the Office of Financial Aid receives all required documents. Once your request has been fully evaluated and any permissible FAFSA changes have been made, your financial aid eligibility is reassessed. You will be notified of the Dependency Override outcome in writing. A new award letter will be issued if the request is approved.
