IMPORTANT INFORMATION REGARDING DEPENDENCY OVERRIDE REQUEST

Dependency overrides are intended for students who can prove and fully document exceptional circumstances. This includes, but is not limited to, students who have no contact with their biological parents. We cannot approve requests for students whose sole reason for the request is because their parents are unwilling to pay for school, or for students who have chosen to live on their own.

The Dependency Override Request process begins after our office receives all necessary documents. The Special Circumstance and Dependency Override Committee meets bi-monthly to review requests. If your request is approved, corrections, if necessary, will be made to your FAFSA information. Once the processed information is received, the Office of Financial Aid will re-evaluate your financial aid eligibility.

Note the following information as you complete your Dependency Override Request:

- Thorough documentation is required to explain and verify your current situation. Income information originally provided on your FAFSA will also be verified. If your request or documentation is incomplete, it will be returned which can cause delays.

- The purpose of this request is to assess your additional need due to personal circumstances. There is no guarantee an approval will result in more aid or different types of aid awarded to you. The benefit to you, if any, will be influenced by: a) the types of financial aid for which you qualify, b) your current financial aid package and c) the maximum amounts allowed in federal and state financial aid programs.

- You will be notified in writing of the result.

- This request is in effect for the 2009-2010 academic year only. A Dependency Override Request must be completed each year. Policies and procedures are subject to change annually as influenced by institutional and regulatory changes.

If you have any questions regarding the Dependency Override Request, please contact our office.
