

Navigating Online Student Resources Video Guide

You can view the video, Navigating Online Student Resources, here: [Navigating Online Student Resources](#)

As you view this resource, consider the outline below as a guide.

Technical Requirements

- All AU Online courses require students to have unrestricted access to a computer or mobile device with high-speed internet.

Course Resources

- Your instructor is a great resource, both academically and professionally. Your instructor's contact information can be found on your course page in Brightspace.
- Consider attending a live Student Hours session, or Office Hours session, (through Zoom) to connect with your instructors and other students. Check your course page for more information.
- You can also connect with other students and your instructor through community spaces, such as the Collaboration Corner.

Technical Resources

- AU students have access to Microsoft 365 and its suite of applications, such as Word, PowerPoint, and Excel. Applications can be accessed through Okta: aurorauniversity.okta.com
- All online classes can be accessed here: brightspace.aurora.edu
